

AROUND the TOWNSHIP

Frankie Duarte is all excited about his new house. He says he is building it with an eye toward a large family which he hopes will take care of him in his old age. He says he plans on seven children.

We saw Miss Mary Valim of Warm Springs in Oakland the other night. Miss Valim and her friend, Mrs. Belk, formerly of Irpington, are the townships greatest travelers. Mary says the only reason she travels is so that she can send postcards home to her folks.

"The trouble with California" says Hen Noonsumer, is the fact that the weather is a day-gone even you can't tell one season from the other, hardly."

"Th' oney way I can tell is by readin' th' ladies magazines. When th' bathin' suit ads appear, then I know its summer."

It seems to us that it's high time Mr. Schuckl opened his cannery at Niles or let somebody have it who will open it. Farm prices are going up and the canners' chances for making money are getting better and better. We believe the townspeople at Niles are disposed to give him anything in the way of co-operation he requires to get the cannery into operation.

It is with regret that the township sees Eph Musick leave. Musick is a rare type—an old-fashioned teacher who makes his pupils make the most of themselves.

Such teachers have little opportunity for their talents in these days of centralized school administration.

The elaborate setup of county board examinations and whatnot, which is foisted onto the average country teacher in all parts of the United States, has reached the point where we believe it is a handicap rather than a help. After all, the purpose of the school system is to help the pupils to become better citizens.

In spite of present-day efficiency methods, we fail to see that the percentage of good citizens is increasing. We would like some expert to prove us wrong.

THE ISLANDS

On Monday we went with one of our Future Farmers to look for a small flock of yearling ewes, which we hope will serve as the foundation in the sheep business for him in years to come. One flock we saw was on Mandeville Island. To reach this island, which lies pretty well towards the center of the delta, we had to cross on two ferries over the Middle River and travel many miles of bumpy levee-top road. These islands present a strange picture of great fertility and yet of great desolation. The land all lies ten or fifteen feet below the brimming rivers. Water or irrigation is led in over the bank in siphons. Most irrigation is by means of narrow, parallel, open ditches about 100 feet apart and four feet deep. The water percolates sideways through the loose peat. Later the surplus remaining is pumped back over the bank to the river. Beets, corn and potatoes flourish and heavy crops of barley were being harvested.

Everywhere, however, buildings were mostly temporary and shabby and in many cases falling to pieces. Few American faces were seen amongst the workers. There were no well kept farm homes in these deeper islands. Yet the land, had

NEWARK LOSES CLOSE GAME

By Scoop Pashote

NEWARK—The Newark Merchants dropped a tough well-played baseball game last Sunday to the Albany Merchants by a score of 4 to 3.

The star hitters for Newark were Ed Rose getting 2 hits out of 3 times at bat; Marks 2 for 4; and Azevedo 2 for 5, one a double, and he drove in the first run for Newark.

The Newark Merchants held the Albany Merchants scoreless and with 3 hits until the 8th inning, when they put 3 runs to make the score 3 to 1, and then Newark tied the ball game in the 9th, but Albany busted up the tie in the last of the 9th inning.

Ashton, Medeiros and Amaral allowed 6 hits for Newark while Curcio, who is going to try out with the New York Yankees next year, allowed 9 hits for Albany and P. Cola and another ball player from Albany will try out with the San Francisco Seals next year.

Newark plays Alvarado at Newark Sunday, and Alvarado is determined to beat Newark. So we expect a lot of township fans to watch the game Sunday, and don't forget that Newark has defeated them in the earlier part of the season.

Newark Merchants have filed already for the Oakland Tribune Tournament in July.

NILES—One of the most successful fiestas ever held in Niles was that of the S. E. S. Holy Ghost celebrated here last Saturday, Sunday and Monday. It is estimated that more than 10,000 people were in the city for the three-day festival which opened with an elaborate display of fireworks on Saturday night. A colorful parade of drill teams and bands marched down Second street and up First to the Corpus Christi church on Sunday morning where Miss Sylvia Cunha of Hayward was crowned queen. Her maids of honor were Miss Mary Martin of Niles and Miss Edna Avilla of Concord. The "Little Queen" representing Queen Isabella of Portugal who by placing her crown upon the head of a little child and giving a feast for the poor originated the Holy Ghost fiesta, was little Miss Clarabelle Silva. Other queens included last year's Niles queen, Miss Anna Ponte and Miss Marylyn Maciel this year's ruler of the Centerville celebration.

After the coronation a free barbecue was served to thousands at the S. E. S. pavilion on Second street and dancing and carnival attractions were enjoyed throughout the afternoon and evening and on Monday. Another free barbecue dinner was served on the third day.

Officers in charge of the festival were A. S. Andrade, president; Frank Davilla, vice-president; Manuel Freitas, secretary; Manuel Oliveira, treasurer and Tony S. Faria, marshal. The Tangle and Whist Fishing Club of Mission San Jose had charge of concessions.

The line-up of the parade was as follows:

BARRAT DUE AT NILES SHOW

NILES—One of the best character
actors now coming up in Holly-
wood is Robert Barrat, to appear
next Sunday and Monday at the
Niles Theatre in "Mountain Jus-
tice". Josephine Hutchinson and
George Brent are the featured
players but, for those who like good
acting, Barrat will steal the show
as the villainous hillbilly father.

Because he is good at character-
ization and therefore draws un-
sympathetic roles, Barrat gets
little notice. Probably the most
"sympathetic" part he has had is
that of the older brother in "God's
Country and the Woman".

He has the lean, good looks and
the right mixture of villainy and
magnetism in his personality to
handle the part of Rhett Butler.

DO YOUR DANCING AT Swiss Park

M. GRATZER, Hall Manager
Newark

Probably no studio executive will
ever see this suggestion; and if, by
some accident, he should, he won't
have the imagination to act on it.
But ah well—it won't be the first
time the studios have overlooked a
bet.

Other feature on next Sunday
and Monday's bill is "Way Out
West" with Laurel and Hardy. It
is standard entertainment—some-
thing you will want to go to be-
cause you know in advance that
you'll get plenty of laughs.

Wednesday and Thursday will
see Don Ameche and Ann Sothern
in "Fifty Roads to Town". Both
featured players are young and
fresh and will carry the story along
acceptably. The story has to do
with boy and girl snowbound in a
mountain cabin with no chaperon
and nothing to eat but caviar and
crackers.

Tonight and tomorrow's program
include George Brent and Jean
Arthur in "More Than Secretary"
(romantic comedy) and "Missing
Girls" with Roger Pryor and Mur-
iel Evans.

Determined a Newspaper of General Circulation by Decree
of the Superior Court (Department 6), of Alameda County,
California.

We think an explanation is due from the state commission in charge of such things as to how Niles school children who live in the Mission Road and Cherry Lane districts are going to get to school without a long, long walk next fall.

Lack of sidewalks in the underpass near Thane's corner will make foot travel through them out of the question. The only alternative will be a hike up the creek bank to the new bridge, across that, and then through the underpass at Vallejo street.

The other alternative is the purchase of a school bus, which will cost the local taxpayers plenty.

NEW PASTOR AT NEWARK ORGANIZES MEETINGS

NEWARK—Rev. and Mrs. Ver-
non Brown with their twin daugh-
ters have arrived at the parsonage
of the Newark Presbyterian church
and have started a series of meet-
ings for young people in addition
to the regular services on Sunday.
Rev. Brown will also have charge
of the Centerville and the Alvarado
churches.

Both Mr. and Mrs. Brown are
graduates of the San Anselmo
Theological Seminary. Mr. Brown
graduated also from the University
of California. He is a native of
Missouri but spent most of his
youth in Iowa. He met Mrs. Brown
at the Bible Institute in Los An-
geles. For the past two years he
has been pastor of the churches at
Ben Lomond and at Felton. During
the World War he served with the
light artillery with the Rainbow
Division.

The twins, Ruth and Ruby will
enter Washington Union High next
Fall. Both are musical and look so
much alike you can't tell which one
you're talking to. However, Ruby
likes rats and fish and pigeons and
other such things and wants to
specialize in science and maybe be-
come a taxidermist. Ruth likes
more domestic things, such as art
and needlework and writing verse,
all of which she does very well.

BOYS HEAR OF CAMP ACTIVITY

NILES—Alluring pictures of
trails and campfires, swimming
holes and nature study that made
parents regret increasing age and
creaking joints were presented to
several hundred Boy Scouts and
leaders at the conference at Dia-
mond Camp last week, the meet-
ing having been arranged for those
who are planning to attend one or
more of the various summer camps.

Homer J. Bemiss, Oakland Area
Council executive, presided and
discussed details of the camp pro-
gram. "Bugs" Cain, naturalist of
the Oakland staff, also described
some of the advantages to be ob-

been reclaimed at great cost, was evidently very fertile, and produced much wealth. We thought of Goldsmith's, "Land where wealth accumulates and men decay".

A Marvelous Pasture

Later in the day we crossed over from Stockton to Oakdale which has become one of the best pasture areas for sheep in California. On the way over we passed some great stretches of grain fields, in many of which we saw good crops of barley and wheat. One of these fields reminded my companion of a very large field where the owner

always hooked on the cook-house behind the plows when he started around the field.

Oakdale has been given a new lease of life by the great success of Ladino Clover on much of the land to the south and west which was formerly regarded as nothing but very poor grain land. We drove over a section of land belonging to the Clarabelle Livestock Company which was all planted to Ladino clover. This section was low, rolling hills, with weak, red soil and hard-pan everywhere near the surface. We walked through acre after acre of magnificent clover feed, half way to ones knees. This ranch can now carry 5,000 sheep at a time and usually fattens 5 herds in a season or a total of about 25,000 lambs turned off per year. The lambs are brought onto the clover when they are in thin condition from off the drying hill pastures. They often gain a half pound per day in this excellent feed. Sheep owners sometimes pay 2 cents a sheep, a day, pasture. On this particular section, 4 day irrigators and 1 night irrigator were continually employed, and the clover was irrigated every 10 days. The Ladino plant is entirely used for pasture, a mowing machine never being run over the field from the time of planting. We knew this country before Ladino was brought in, it was a brown, bare and desolate country at this season, now it is a stockman's paradise, lush with green and nutritious feed.

FOUR TEACHERS LEAVE NEWARK

NEWARK—Four teachers said farewell at graduating exercises at the Newark Grammar School last week, Principal Eph L. Musick being presented with a gold watch as a gift from the board of trustees in recognition of his 19 years of service. Presentation was made by M. D. Silva, clerk of the board of trustees.

Other teachers retiring are Mrs. Hazel Millard, teacher here for 14 years; Mrs. Daisy Cooper who has been temporarily filling the vacancy caused by the death of Mrs. Ruth Blair Townsend; and Mrs. Harriet Finger, first grade teacher. All three are leaving the teaching profession to devote full time to their homes.

Superintendent David E. Martin was speaker of the evening and students presented a short play, "The Tale of a Shirt". Diplomas were given to 30 graduates.

Musick will leave this week for Los Angeles where he will arrange for his daughter, Claire, to enter U. C. L. A. In August, he will assume his duties as supervisor of rural schools of Del Norte county, a community in which he went to school 38 years ago. He will be associated with a former school mate, J. M. Hamilton, superintendent of Del Norte county schools and the first graduate of a county high school in California. Musick will supervise about 15 schools, the boards of trustees for which in many cases were formerly his pupils.

NILES—Ed Rose, pioneer garageman, has announced that he will sell Oldsmobiles and G. M. A. C. trucks at his new headquarters in Niles. Rose says he has already sold several and finds the demand good.

He will have the only agency for these trucks between Hayward and San Jose.

Rose, garageman here for 35 years, says he is making elaborate plans for remodeling his garage to offer better salesroom, parts and shop facilities.

He says further that all his veteran mechanical staff is staying with him. The Oldsmobile, Rose declares, is the most popular car of its price class this season, both from the standpoint of looks and performance. "I should know what I am talking about", he says, "because I have sold practically every make of car there is at one time or another. I got into the automobile business at a time when most cars were made by firms who formerly had made buggies; when the best looking car was one that looked most like a buggy."

MASONIC HOME—The Scottish Rite Symphony Orchestra of Oakland, Herman Trutner, conductor, Leon Reynolds, assistant, and John Blunk manager visited the Masonic Home last Sunday and gave a very fine concert to the residents and many visitors who accompanied the members of the orchestra. After visiting around the Home for some time, shaking hands with old friends, they all met in the Assembly Hall and Mr. Trutner announced they would open the Concert by playing the National Anthem. He asked the audience to join by singing which they did very heartily. The orchestra then rendered a march "National Emblem", "The Bohemian Girl", descriptive "In a Russian Market", selection from "Il Trovatore" with the Anvil Chorus, a "Hunting Scene" and "Old Comrades" which was conducted by Isadore Franck, a resident of the Home, who knew the father of the conductor before the latter was born. At the finish of the piece the applause was so great he had to give an encore, a patriotic number, "The American Patrol" which was greatly appreciated by all who were able to attend, closing a very enjoyable afternoon.
